Speaker: Mr Paul Sutcliffe, Australian Bureau of Statistics.

Title: Australian Statistical Conference, Adelaide July 2012

Abstract: The fifteenth Australian Statistical Conference was last held in Adelaide in July 2000 at the Hilton. It is now official that the SA Branch of the Statistical Society will organise the conference in 2012 and I am sure that we will be able to deliver a great conference. In this presentation I will talk about the general themes that have emerged from reviewing evaluation reports and speaking to past organisers. In starting the planning process I have been assisted by Stuart McLeod from the Adelaide Convention Tourism Authority who has been invaluable in putting together suitable venue options. We have chosen July as the most suitable month to hold the conference and I will present three conference models for consideration of members.

This is an opportunity for you to have early input into the conference organisation.

Dinner: After the talk, all are welcome to adjourn with the speaker to Star of Siam, 67 Gouger Street, Adelaide. Please RSVP to Janine De Korte (janine.dekorte@abs.gov.au or 8237 7496) by Thursday March 11 if you would like to attend.
